

They are always there to lend a hand (an egg, a cup of sugar, etc.) to watch my kids when I need them.

# Thank You Wallingford Neighbors!

When we first moved in we were invited for dinner to meet local people

Even though I don't know their names, my neighbors across the street always wave "hello!" their 4 year old daughter does, too! Way to parent! Thanks!

To my neighbor on the corner of Midvale & 40th, thanks for keeping the sidewalk pedestrian friendly! You shovel when it snows, put down salt when it gets icy, and maintain the lawn & parking strip in the summer. You are awesome & it is much appreciated!  
THANKS!  
-Your neighbor on 40th & Whitman

My parents' neighbors are incredible. When my mother was in hospice they were kind enough to cook us meals for a full week. They opened their home so we could have quiet space to reflect and just be. They are gracious and loving & a tremendous social support to my dad. xoxo

We like our neighbors because they let us use their driveway

Mostly that we let each other be and they put up with me! I like that they are there.

I don't know my new neighbors - I just moved to Wallingford. One has chickens and a gorgeous garden, the others have kids and seem to be fun judging by the Halloween dec's that are still up in Feb.

My neighbors always have a smile and great chili.

I still remember my neighbors when I was a child - 56 years ago. One of them was and is my best friend!

They are great when we have a chance to interact!

I love having playdates with Barb + Truman + Spencer + Annabel + Buckley (woof) + mommy wine time at 5 And Shawn The Sheep for the kids

### I Love My Neighbors!

Because we have a great sense of trust between us. I love our talks while gardening and the laughs. It's been so fun watching the kids grow into young adults! My neighbor is truly a great friend!
